Past Events

So..What's been happening?

A Whole lot.

Hellllllllooooooooooooooooo ladies and gentlemen of the fabulous SEAA at UWOO!!

As your Director of Communications I, Paul, will be responsible for updating you on what's happening at the club and Western in general.

In September, we kicked off our school year by having a general meeting at Star-K—London's only karaoke bar. On behalf of the SEAA executive team I would like to send out a belated thanks to all of you who participated in this free event. For those of you who couldn't make it to the 'party', you guys missed some great moments. All I can tell you is that we have some serious singing talents in this club. All in all, you guys rocked!!!

Our second event took place on October 10th at Bubble King. If you're one of many people who's already missing the great taste of bubble tea, Bubble king and 168Teashop is the destination for you. They are a bit far away from the core downtown area, but it is well worth your trip to get a nice order of bubble tea from these places. We began our second event with a Build-an-Animal Competition out of toothpicks and marshmallows...

Whoever organized this particular game gets the Oscar for

creativity. We also played some musical chairs— it got quite intense as the final two battled for the last chair— and a classy round of Chinese chess between Paul Lee, and Alan Tan. The game was a tie. Tips for our next bubble tea related event: DON'T MISS IT!

In October, we weren't able to have that many events due to exams. However, we did have a great joint Paintball Event at Flagswipe with CSA and KSA. It was hella fun to relieve some stress by shooting people full of paint. Also, on the Saturday before Halloween, we hosted the Haunted House event with King's Chinese Students' Association. Honestly, this event scared the wits out of all the members that came out for the night. Rumours say that half the cabinet was sooo intimidated that they couldn't even set a foot outside their houses that night. How scary is that!?!?

Pretty Damn Scary.

Upcoming Events:

Laser Quest

We are also heading out to Laser Quest pretty soon! For all you Counter-Strike fans, if you have the time to spend hours shooting at virtual targets, you should definitely come out and shoot some real human ones.

More Details Coming Soon! Check your emails!

Dance Competition!

In the upcoming months you guys can look forward to an amazing Dance Competition! You may compete in teams or individually. So, if you have the skills and moves, please, please, please come out and show them off! Oh, just to let you know, there will be BIG cash prizes for the winners!!!

More details coming soon!!

News Flash:

Have you guys noticed?

Not everyone knows about it, but SEAA has acquired a working website!!!

Just visit www.usc.uwo.ca/clubs/seaa and check it out! Obviously, if you are reading this newsletter, the chance is that you already know about the website...

Anyways, we should show our thanks to the great, magnificent, Lawrence Low for creating such a wonderful website that we can depend on when we don't know what's going down with SEAA.

Secondly, if you want to be more involved with SEAA, please send us an email at seaa.uwo@hotmail.com. We are always looking for talented and dependable individuals to help us organize events and such.

STUDY TIPS

Do you think you can write essays, or do you have a feeling that you suck at writing them?

If this is you, you aren't alone... I know that some of your essays are due shortly, or you have gotten your essays back only to be disappointed by the big, fat, '65' on the back of your essay. Why did you receive such a crappy mark? Because you may not know how to write; you only think that you do. Did you know on the second floor of the UCC, there is a place called the Student Development Center where you can sign-up for an essay proofreading session? They are a great help and will let you know how you can make your arguments better and stronger.

So, for your next essay, make sure to go and sign-up! Having gone there myself in my first year, I can promise you that your marks will improve.

In conclusion, because I (Paul Lee), wrote this newsletter, I rock. So, on behalf of SEAA, I will thank myself for writing an awesome two page .doc file newsletter. Oh, and if you are interested in helping us out with the website or articles, or photos, never hesitate to contact one of the execs. Their contact information should be on one of the pages on this website...

Dong, Our Pimpin' VP Finance

If you actually made it this far, thanks for reading. Sorry for Paul's shitty writing...I don't think he actually went to the those essay proofreading sessions....j/k paul ;). Lucky there's that sweet looking cover page.

- Lawrence Low, *Editor Guy*
