**General Manager Karen Jackson Leaving USC**

LONDON, ON: The University Students' Council at The University of Western Ontario wishes to announce the departure of General Manager, Karen Jackson, from the organization.

Jackson, a CMA and graduate from Western's Richard Ivey School of Business, was the USC's first female General Manager in the organization's 43 years of incorporation. She came to the USC in 1999 having a successful career as Controller before being promoted to General Manager in 2005.

"It is an unfortunate situation," says Tom Stevenson, University Students' Council President. "Karen has left the corporation to pursue other opportunities".

The students and staff at the University Students' Council wish Karen the best in her future endeavours.
